Overview

Experience the ultimate outdoor adventure in Köprülü Canyon National Park with four thrilling activities: river rafting, zipline, jeep safari, and buggy safari. Explore the spectacular Taurus Mountains, discover breathtaking natural landscapes, and enjoy a delicious riverside lunch on this action-packed full-day tour from Antalya.

Your itinerary

Fun Combo

Tick off Antalya's must-sees at Koprulu Canyon National Park before unwinding on the Turquoise Coast. Experience four exhilarating outdoors activities - river rafting, zipline, off-road jeep safari and dirt buggy on a full-day group tour from Antalya.

Challenge your limits and explore Antalya’s countryside over Taurus Mountains. Your tour includes hotel pick-up and drop-off, riverside lunch, outdoor adventures instruction and equipment. If you are a nature lover, then it is worth to mention that there are few stops during our excursion where you can enjoy nature at its maximum, full of beautiful smells, sounds and colours. Travel into the rugged landscape by open-top jeep, riding through pine forests, splashing into rivers, and passing remote villages with stone architecture. Then go rafting in the Koprulu Canyon for another perspective on the mountain landscape, paddling an 8-mile (13-km.) stretch of the Koprulu River and a series of exciting rapids. You'll then be able to enjoy a quick swim break by the river to cool off and wash off some of that dust from the drive.

Dirt buggies are 110% fun. There's no real roof or body shell, so it might get a bit mud-splattered as you slide your way around the track. Try and keep your smiles under control, as it'll take all your concentration to keep your off road buggy going in the right direction. Depending on the route for the session this means somewhere between 55 and 95 corners are negotiated. Enjoy your day off the beaten track where you'll experience the real beauty of the mountains, its flora and fauna of the Taurus Mountains. You'll ride through pine forests, cross the creeks and even see some medieval ruins. kayseri

Walk to the far end of the park and climb our launch tower. Have all your kit checked again before taking two-way zipline ride across the river. Each zip offers varying degrees of angle and speed for maximum thrill factor! Professional photo and video packages are available to purchase on the spot.

Good to know

Bring swimwear, a towel, sunscreen, comfortable shoes, and a change of clothes. Safety equipment, professional instruction, hotel transfers, and riverside lunch are included. Photos and videos are available at an additional cost.
